QUARTERLY ACTIVITIES REPORT DECEMBER 2019

Discovery Africa Limited (ASX: DAF) ("the Company"), is an Australian based mineral exploration company with an interest in the Pinyalling Gold Project in Western Australia.

The Company provides the following update for the Quarter;

Exploration Activities

Pinyalling Gold Project

In October 2019, the Company entered into an agreement with Bruce Robert Legendre to acquire the Pinyalling Gold Project tenement (100% interest) in Western Australia for a cash consideration of \$5,000. The tenement was previously under option.

The Pinyalling Project consists of Exploration Licence 59/2112 covering 18 blocks (54km²) and is located ~400km northeast of Perth. Access is via the Great Northern Highway from Perth to Paynes Find-Yalgoo Road. This road gives access to the Pinyalling Mining Centre, about 30km west of Paynes Find.

The Company completed a high level interpretation and review of open file aeromagnetic data over the Pinyalling Project area and immediate surrounds to delineate structural trends and zones of potential interest earlier this year and in the previous Quarter conducted works to consider an appropriate work programme to test the target areas identified from the geophysical review, and also follow up anomalous results obtained from the 2018 soil sampling programme. Field inspection of the targets may include preliminary soil sampling to ascertain the presence of any gold anomalism.

Following the recent tenement purchase, the Company is currently preparing a field work program to further advance the works conducted during the past year.

In addition, the Company completed and lodged the annual regulatory reporting requirements for the tenement during the Quarter.

Other

The Company is currently working to identify and review new projects or asset acquisition opportunities, to enhance its project portfolio with an aim to increase the overall value proposition of the Company and ensure it is best placed to deliver value and upside potential for all its shareholders.
